CHEF HATS

Demonstrating professionalism and experience, chef hats are a staple in most kitchens. Higher heights reflect greater experience. Originally, the number of pleats on a hat represented the number of ways a chef could prepare an egg. While this criteria may be old-fashioned, our line of hats is not. Designed for both form and function, these hats provide a comfortable fit and effective barrier protection.

Le Classic™

Our best selling traditional style chef hat. Signature **AirVent STAR System** in crown ensures cool comfort while the **Touch 'n Seal Sizer®** guarantees correct fit. Available in 7", 9", 10" and 12" heights, with or without sweatband. Packed fully formed and can be imprinted with your logo.

CC-200
